

AFFILIATE INITIATIVE

OVERVIEW

New Resources Consulting (NRC) is a business-to-business technology consulting firm that has been operating in the Midwest for more than thirty years. We have the mission of improvement through technology and achieve this through building long-lasting relationships with our clients and partners.

NRC is adding a select group of affiliates to our organization to expand our reach across the continental United States. This initiative is ideal for those that have a presence in their area, are interested in assisting their contacts and colleagues in achieving technology solutions, and are looking for an additional income stream.

BUSINESS GROWTH AND OPPORTUNITY

New Resources Consulting affiliates will grow revenue and brand recognition for NRC by making introductions, developing relationships, and generating qualified leads with subsequent sales. In return, our affiliates will develop a new revenue stream as they will receive a commission, a percentage of the gross margin, for subsequent sales.

NEXT STEPS

Should you express a sincere interest and are ready to bring your talent and contacts to New Resources Consulting, you will meet with NRC President and CEO, Mark Grosskopf to further explore this opportunity and discuss any potential business relationships in more detail.

FINANCIAL REQUIREMENTS

There are no upfront costs required on behalf of our affiliates nor are there fees associated with being an affiliate of New Resources Consulting. Use of the NRC brand, our logo, and other associated costs are all negotiable and will be determined on a case-by-case basis.
