# TECHNOLOGY SOLUTIONS GROUP

## FULL STACK SOFTWARE DEVELOPMENT

- **Comprehensive Solutions:** Develop robust, scalable software from front-end interfaces to back-end databases.
- **Technology Expertise:** Skilled in .NET, NodeJS, PHP, Angular, React, Vue, MongoDB, SQL Server, PostgreSQL, and more.
- **End-to-End Development:** Manage the entire development process, from planning and design to deployment and maintenance.

## UI/UX & PRODUCT DEVELOPMENT

- **User-Centric Design:** Craft intuitive, engaging user interfaces.
- **Product Strategy:** Guide from concept to market with robust development strategies.
- **Prototyping & Testing:** Conduct rapid prototyping and user testing to validate and refine products.

## DATA & ANALYTICS

- **Data Warehousing:** Centralize and organize large data volumes for efficient analysis and reporting.
- **Data Transformation:** Transform your data with a semantic layer for simplified access, consistent definitions, enhanced security, and business-friendly interfaces.
- **Business Intelligence:** Implement BI tools and dashboards for real-time insights and data-driven decision-making.

## DEVSECOPS + CLOUD

- **Integrated Security:** Embed security practices throughout the DevOps process.
- **Cloud Optimization:** Utilize cloud services for scalable, efficient infrastructure.
- **Continuous Integration/Continuous Deployment (CI/CD):** Streamline software releases for improved reliability and speed.

## CLOUD NATIVE ARCHITECTURE

- **Microservices Architecture:** Design applications as small, loosely coupled services.
- **Containerization:** Use Docker and Kubernetes for efficient deployment and scaling.
- **Serverless Computing:** Build auto-scaling applications to reduce overhead costs.

## MANAGED SERVICES

- **Proactive Support:** Continuous monitoring and maintenance for optimal IT system performance.
- **IT Infrastructure Management:** Manage IT resources to maximize efficiency and uptime.
- **Outsourced IT Services:** Provide comprehensive IT support, allowing you to focus on core business activities.
